Independent Auditor's Report

To the Board of Directors of Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation)

Opinion

We have audited the accompanying financial statements of Software Freedom Conservancy, Inc. (a Notfor-Profit Corporation) which comprise the Statement of Financial Position as of February 28, 2023, and the related Statements of Activities, Functional Expenses and Cash Flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation) as of February 28, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation)'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation)'s internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation)'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation)'s 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 16, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Note 1 - Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Software Freedom Conservancy, Inc. (a Not-for-Profit Corporation) (the Organization) helps promote, improve, develop, and defend Free, Libre, and Open Source Software (FLOSS) projects. Conservancy provides a nonprofit home and infrastructure for FLOSS projects. This allows FLOSS developers to focus on what they do best — writing and improving FLOSS for the general public.

FLOSS projects whose applications are accepted become part of the Organization (akin to a separate department of a large agency). Once joined, the "member project" receives most of the benefits of existing as a non-profit corporate entity without engaging in the arduous work of forming a separate, new organization. The Organization aggregates the work of running a FLOSS non - profit for its many members.

The Organization provides many important services for its member projects. Member projects can take directed donations, which allows donors to earmark their donations for the benefit of a specific FLOSS project. The Organization provides fiscal oversight to ensure that these funds are spent in a manner that advances the project and fits with the Organization's 501(c)(3) mission to promote, advance, and defend software freedom.

If the member project's leaders want, the Organization can also hold other assets and titles on behalf of the projects, such as copyrights, trademarks, domain names, online hosting accounts, and title and ownership of physical hardware. Also at discretion of the project's leaders, the Organization can assist in defending the rights represented in these assets. For example, the Organization is available to assist member projects in enforcing the terms of the projects' FLOSS license.

Finally, developers of the Organization's member projects, when operating in their capacity as project leaders, could receive some protection from personal liability for their work on the project.

The Organization was incorporated in the State of New York in 2006.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to two classes of net assets: without donor restrictions and donor restricted net assets.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the board of directors. Donor restricted contributions that are expended for their restricted purpose in the same reporting period as received may be recorded as without donor restrictions.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Note 1 - (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing various program and other activities have been summarized on a functional basis in the statement of activities. Certain expenses have been classified based on direct expenditures, other cost were allocated based on estimates made by management such as time spent, quantities of items consumed and the proportion of physical space used.

Cash

Cash consists of demand deposit accounts held at major financial institutions and may at times exceed the insurable amount. Management believes it mitigates its risk by investing in a major financial institution and in funds that are currently U.S. federal government insured. Recoverability of investments is dependent upon the performance of the issuer.

Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments purchased with original maturities of three months or less when purchased to be cash equivalents.

Revenue Recognition

Contribution Revenue

Contribution revenue is recognized when the donor makes a promise to give to the Organization that is in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restriction expires in the same reporting period in which the Contribution revenue is recognized. All other donor restricted contributions are reported as increases in donor restricted net assets. When a restriction expires donor restricted net assets are reclassified to net assets without donor restrictions.

Revenue from Contracts with Customers

Revenue is recognized when control of the promised goods or services is transferred to our customers, in an amount that reflects the consideration the Organization expects to be entitled to in exchange for those goods or services.

The Organization hosted conferences dedicated to promote the use, development, and improvement of free and open source software. Registration fees comprise the related revenue.

From time to time the Organization provides software development services. Performance obligations are satisfied and the related revenue is recognized upon completion and delivery of the contract specified services.

Note 1 - (Continued)

Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year presentations.

Contributions Receivable

Contributions receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through adjustments to valuation allowances based on its assessment of the current status of individual receivables. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance. On February 28, 2023, the allowance for doubtful accounts was \$0.

Contributions receivable are expected to be collected within the current operating cycle of one year.

Concentrations

Approximately 53% of contributions receivable (\$739,000) was due from a 501(c)(3) organization on February 28, 2023. The contribution was collected on May 9, 2023.

Advertising Costs

Advertising costs were \$21,190 and are included in promotional on the statement of functional expenses. Advertising costs are expensed in the year incurred.

Fair Value Measurements and Disclosures

Carrying values of financial instruments, including cash, contributions receivable, security deposit and accounts payable, approximated their fair values due to the short term nature of these financial instruments. There were no changes in methods or assumptions during the year ending February 28, 2023.

Income Taxes

The Organization is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been provided for in the accompanying financial statements.

The Organization's policy is to record interest expense and penalties in operating expenses. As of February 28, 2023, there was no interest and penalties expense recorded and no accrued interest and penalties.

Gifts In-Kind - Services

Unpaid volunteers contribute their time to the Organization. The value of that time is not included in these statements as those services did not meet the requirements of GAAP for recognition and no cash was expended for those services.

Subsequent Events

In preparing these financial statements, the Organization has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through January 15, 2024 the date the financial statements were available to be issued.

Note 2 - Donor restricted net assets

Donor restricted net assets by revenue source and changes therein for the year ended February 28, 2023, were as follows:

Note 3 - Employee benefits

The Organization maintains a 403(b) retirement plan. In addition to employee contributions The Organization contributes matches up to \$2,500 of eligible salaries for qualified employees.

The Organization contributed \$36,380 the plan during the year ended February 28, 2023.

Note 4 - Investments in Marketable Securities

The Organization's financial assets, which are carried at fair value have been classified, for disclosure purposes, based on a hierarchy defined by U.S. generally accepted accounting principles.

Level 1 assets have observable market prices.

Level 2 assets do not have observable prices, but have inputs that are based on observable prices.

Level 3 assets have inputs that do not have observable prices.

Securities held of the following at market value as of February 28, 2023:

	-	Level 1	 Level 2	Level 3	 Total
Ultra-Short-Term Bond Fund	\$	830,937	\$ -	\$ -	\$ 830,937
Short Term Inflation Protected Securities ETF		770,267	-	-	770,267
Short Term Bond ETF		753,007	=	-	753,007

Series I Savings Bond		=	-	10,000	10,000
	\$	2,379,347	\$ -	\$ 10,000	\$ 2,389,347

Note 5 - Deferred Revenue

Deferred revenue represents income for the year ending February 29, 2024 that was received during the year ended February 28, 2023.

Note 6 - Liquidity and Availability of Financial Assets

The Organization manages its liquidity and reserves following two guiding principles: operating within a prudent range of financial soundness and stability and maintaining adequate liquid assets to fund near-term operating needs. The Organization's working capital and cash flows have seasonal variations during the year attributable to the timing of program and fundraising activities. Monthly cash outflows vary each year based on the specific requirements of the program activities. To manage liquidity the Organization budgets cash flow and conducts fundraising and program activities that are timed according to expected requirements. The goal of the Organization is to maintain available financial assets to meet its next 90 day of operating expense.

The Organization receives contribution restricted by donors and considers contribution restricted for programs which are not ongoing, major and central to its annual operations to not be available to meet cash needs for general expenditures.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year comprise the following:

Cash Investments in marketable securities Contributions receivable Total financial assets	\$ 3,386,404 2,389,347 1,401,787 7,177,538
Less: Donor restricted net assets	(4,475,995)
Financial assets available to meet cash needs for general expenditures within one year	\$ 2,701,543
